

How to find Spire Hull and East Riding Hospital

By car

From the west

Take the M62 which continues into the A63. Take the exit signed Humber Bridge, then go straight across the first two roundabouts onto the A1105, signposted Hospital - Hyperbaric Unit. At the next roundabout turn left to Anlaby on the B1232, take the right fork at the mini-roundabout and the hospital is on the left.

Lowfield Road, Anlaby,
East Yorkshire
HU10 7AZ

From the Humber Bridge

Turn right at the first roundabout onto the A1105, signposted Hospital - Hyperbaric Unit. Turn left at the next roundabout into Anlaby on the B1232. Take the right fork at the mini-roundabout and the hospital is on the left.

From Hull city centre

Follow the Anlaby Road A1105 from the centre of town until it forks. Take the left fork and continue along the A1105, which changes to Boothferry Road, following the signs for the Humber Bridge. Turn right towards Anlaby on the B1232, signposted Hospital - Hyperbaric Unit. Take the right fork at the mini-roundabout and the hospital is on the left.

From Beverley

Take the A164 towards the Humber Bridge. At the roundabout by the Bridge take a left turn onto A1105 signposted Hospital - Hyperbaric Unit. At the next roundabout turn left to Anlaby on the B1232, take the right fork at the mini roundabout and the hospital is on the left.

By rail

The nearest mainline station is Hull Central, which is a 10-15 taxi or bus ride from the hospital.

By bus

The 152 bus service stops outside the hospital and runs from the main bus station, adjoining the railway station.
